Letter of Appreciation

TEACIA INC is interested in developing business cooperation with the Republic of Kazakhstan and making every effort to create favorable conditions for creating an investment policy in your country.

The company TEACIA INC is the only member of GMMOS Kazakhstan LLP registered number

TEACIA INC is an investor that has invested quite a lot of effort and financial resources in the Mangistau region, provided jobs, paid taxes and obligatory payments to the budget, that is, it was engaged in activities as a bona fide investor and taxpayer.

And this went on for several years until there was an unlawful interference by a group of persons who, hiding behind family ties at the level of the Minister of the Republic of Kazakhstan, criminally and fraudulently took possession of TEACIA INC Company shares in the charter capital of GMMOS Kazakhstan LLP, as well as tact with all movable and real estate of the company.

As a result of illegal actions, our company was captured by people who actually took all our property. It began with the fact that workers were not allowed to work in September 2018 and illegal activities began to squander all valuable property. In order to restore law and justice, the company appealed to the courts of the Mangistau region.

As a result of illegal actions, our company was seized by people who actually took away all our property. We didn't have any other options, but to apply to the courts for the protection of our rights. The court, having made a lawful decision, defended the rights of a bona fide investor in the person of our Company.

I would like to express my gratitude to the judges of the Mangystau region, namely the chairman of the SMES in the Mangystau region Tlenov A. Sh., The judge of the SMES in the Mangystau region Tursunkul E. B. as well as the Chairman of the Appeal Board of the Mangystau regional court N. Primashev, and the judges of the appeal court of Mangistau court Kazhenova G. and Bastaubaev G., which despite the pressure from a group of persons issued legal and justified acts.

By expressing great gratitude, we wish You and the entire composition of the judicial system of the Mangystau region to achieve their highest objectives.

Thank you,

Director of TEACIA INC
